**Subject:** IRB SYNOPSIS QUESTION  
**To:** "Longoria, Thomas" <[tl28@txstate.edu](mailto:tl28@txstate.edu)>

Dr. Longoria:

I have a question regarding the submission of the paperwork needed for the IRB. Under section 11 which states:

*11. In the case of student projects, pilot studies, theses, or dissertations, evidence of approval of Supervising Professor or Faculty Sponsor should be included. Thesis and dissertation proposals must be approved by the student's committee before proceeding othe IRB for review.*

Since this is a student project, I need permission from you I presume. I am assuming a response to this email would suffice.

Thanks,  
Blanca Juarez

No worries!

You have permission!! Just submit, unless you need me to review your submission. Section 11 is just to keep IRB and univ. out of legal trouble.
