

**For His Glory Adoption Outreach**

a ministry to the people and children of haiti

October 27, 2010

To Whom It May Concern:

The Board of Directors of For His Glory Outreach, the governing agency of Maison des Enfants de Dieu orphanage in Port Au Prince Haiti would like to formally invite Dr. Mary Morrison to provide counseling services to the children at the orphanage. At this particular time we would specifically request that Dr. Morrison work with a particular child who has experienced significant trauma and is experiencing difficulties. We have reviewed Dr. Morrison's curriculum vita and believe she is qualified to work with the children at Maison. Dr. Morrison first came to visit the orphanage in July of 2010 and we were pleased with the work she did with both the childcare workers and the children of our orphanage which is what prompted us to call on her in this situation.

We understand that on this particular occasion Dr. Morrison would like to collect data and write an article about this particular child to be published in a journal so that other professionals can learn from this experience. We look forward to having Dr. Morrison at the orphanage in November and know that she will provide great assistance to our struggling child. Please feel free to contact me directly with any questions.

Sincerely,

Kim Harmon

President, For His Glory Outreach
