

To Eagle Rock School:

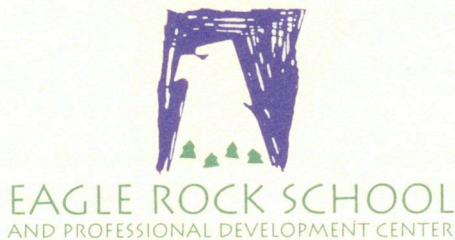

I want to earn my high school diploma as a member of the Eagle Rock community, and I understand that this will require my cheerful efforts as a team player over a sustained period of time. To this end, I commit myself to:

1. Live in respectful harmony with men and women of all races and religions, some of whom will have disabilities or different learning styles.
2. Develop my mind through intellectual discipline, my body through physical fitness, and my spirit through thoughtful contemplation.
3. Learn how to communicate more effectively in speech and writing.
4. Serve the Eagle Rock and other communities through the contribution of my labors.
5. Become a steward of the planet.
6. Make personal choice which will support healthy living.
7. Find, nurture and develop the artist inside me.
8. Increase my capacity to exercise leadership for justice in the world.
9. Practice the arts of citizenship and democratic living.
10. Devise an enduring personal moral and ethical code.

I realize that I may need assistance as I stumble or fall during my struggle to successfully practice these commitments. I will not be afraid to ask for the help that will be waiting. In turn, I will help others in their times of need. I am "one who dares" to meet the challenge of Eagle Rock. I believe making and keeping these commitments will help me live my life as an engaged citizen, ready and able to make a positive difference in the world.
