To Whom It May Concern:

Eagle Rock school has granted permission for Christine Norton to conduct research related to her project entitled "Identity Complexity and Youth Purpose" with our students during in 2008-2009. We believe Christine's project will provide us with valuable data regarding our Outdoor Education New Student Orientation Program.

Please reach me should you have any additional questions.

Best,

A handwritten signature in black ink, appearing to read "Dan Condon". The signature is fluid and cursive, with the first name "Dan" being more prominent than the last name "Condon".
