Dear Mr. Madhlangobe:

Please be advised that your request to conduct the research study titled "Culturally Responsive Leadership in a Culturally and Linguistically Diverse Elementary School: A Case Study of the Practices of one School Leader" in the Round Rock Independent School District (RRISD) is approved. This letter of research approval will serve to formally acknowledge permission for you to proceed with the proposed research study. Please be aware that you will need to present this letter to the campus principal and that the final decision to participate will be made by the campus principal.

The Assessment and Research Office continues to guard and safeguard the valuable limited time that our students, teachers, and principals have to participate in research activities; therefore, we ask that you be sensitive to this issue.

We hope that you will be able to conduct your research successfully and we wish you the very best in your efforts.

Sincerely,

Debra J. Lewis
