To Whom It May Concern,

This letter is written in support of Paul Lombardo's project titled "Postural Stability Response to Muscular Fatigue: The Effect of Trunk versus Lower Extremity Fatigue". I am Paul's faculty supervisor in the course PE 5347 *Problems in Physical Education*, which is tied to the completion of this project. This project will be completed as a requirement for the Masters of Science in Athletic Training degree in the Department of Health and Human Performance. I have reviewed Paul's proposal as well as all other required IRB documentation. Thank you.

Sincerely,

A handwritten signature in black ink that reads "Luzita Vela". The signature is written in a cursive style.

Luzita Vela, PhD, ATC, LAT
Assistant Professor
Department of Health and Human Performance
